

**OREGON DEPARTMENT OF AGRICULTURE
APPLICATION FOR S.E.R.F. (SOCIAL & ENVIRONMENTALLY
RESPONSIBLE FARM) - PILOT INSPECTIONS**

Please complete the following application form for an Oregon Department of Agriculture inspection of Christmas tree farms and nurseries under the pilot SERF program. Please use one form for each operation or location to be inspected.

The Department will assess the fees for these inspections based on the current published rates for time and mileage. Inspection reports and invoices will be mailed as soon as possible, or upon request by calling 503-986-4620.

If pesticides will be applied to the field immediately prior to or during the inspection period, please notify the department by phone at 503-986-4620.

DATE		

REQUIRED INFORMATION

Make a simple line drawing of the field location, including geological reference (i.e., North), landmarks such as buildings, field roads, pumps, county lines. If the field is not on a main road, please indicate the distance in tenths of miles from the road or a landmark. Aerial photographs will be accepted if access routes and roads are labeled. If the area to be inspected is less than the entire field, mark the map to show the area to be inspected, and flag the corners of the field area to be inspected. The entire field will be inspected if markers are not provided. **IF THIS INFORMATION IS INCLUDED IN YOUR FARM PLAN, AND YOUR FARM PLAN HAS BEEN SUBMITTED YOU MAY REFER US TO INFORMATION IN THE PLAN.**

Please provide a short narrative explaining directions for the location shown on the map.

Please include GPS reference if known: _____
